

July 15th, 2020

Dear residents and families,

We have started the regular testing of staff. Every two weeks we are testing the staff to ensure we identify and remove individuals with the virus that pose a direct threat to the health of others. We have implemented across the portfolio policies and procedures to deal swiftly with active COVID cases including the use of N95 Masks, google/face shields and disinfection of the community.

Please contact the community directly if you have any questions.

Warm Regards,

Pilar Carvajal,
CEO & Founder
Innovation Senior Management
1688 Meridian Avenue Suite 700 Miami Beach, FL 33139
